Budget Cuts – round two

- Governor announced the second cut on Jan. 12
- MDE was impacted by \$3.5 million
- Districts will be impacted by \$232,395 to the EEF Buildings and Buses program
- Payments will be adjusted beginning in February
- Possibility of a third cut before June 30

- MAEP EEF Funds

- Of the FY 2017 \$2.25 billion allocated, \$204.5 million is paid with Educational Enhancement Funds (EEF) generated through sales tax revenues.
- Since MAEP EEF funds are subject to the availability of sales tax revenues, these funds are essentially “self-cutting”. When sales tax revenues go down, distribution of MAEP EEF funds are reduced. Once sales tax revenues go back up, the MAEP EEF funds are restored and distributed to districts. However, if sales tax revenues do not meet levels needed to fully fund EEF, districts may receive less than their original MAEP allocation.
- Year to date, MAEP EEF distributions are down \$7 million.

State Aid Capital Improvement Bonds

- State Aid Capital Improvement bonds originally authorized by MS Code Section 37-151-7(5)(e). This program is generally referred to as the “Hancock Bank Program”. These bonds were issued between October 1, 1997 and June 30, 1998 for 20 years.
- Program is ending in FY18
- Currently 74 districts participate in this program
- SFS will make final payments to Hancock Bank in January 2018
- If you have questions or concerns, you can contact Kim McCurley in SFS for information related to your district
